

Intro to Zero Balancing for Acupuncturists

Approved for 6 PDA's by the NCCAOM, Zero Balancing has its roots in Five Element Acupuncture. ZB is a hands-on energy therapy that allows acupuncturists to address conditions of structure. ZB integrates and amplifies the work done with needles and herbs. Children and patients who find needling uncomfortable enjoy ZB. ZB provides felt sense of bone chi, or essence chi and teaches how to engage the whole body-mind.

Date: Monday, Oct 22nd, 2018

9 am to 4:30pm Cost: \$150 (\$100 early bird by 8/22)

CaspeTerrace, 33518 Ute Ave, Waukeg, IA 50263

You will learn:

- The theory and principles of ZB
- To distinguish body energy and body structure through touch
 - The theory and application of fulcrums
- How to give a series of short fulcrums to address stress and tension in the body

"My clients and I unconditionally recommend this combination. Once someone's subtle energy body is balanced and free flowing from acupuncture, the gentle synthesis with deep bone energy of ZB makes 1 + 1 = not 2 but more like 11! People feel so integrated, treatments hold longer, and there is certainly more ease and delight. Plus, I highly recommend Ty Romijn!" Johanna Alper, LAc - Colorado
