Murphy

October 17-20, 2019

Prairiewoods Retreat
Center
Hiawatha, Iowa

This course expands basic Zero Balancing principles to work with amplified fields of vibration within the body and shows how to create fulcrums that work with these amplified and therefore empowered fields. It provides clients with a direct experience of the healing state. In addition to presenting new material, Alchemy of Touch enables you to deepen foundation ZB skills through demonstration and exchanges of Zero Balancing.

"Alchemy of Touch introduced me to a level of refinement in ZB that has expanded my skills and efficiency enormously, particularly in working with the strong energies of the pelvic bowl and the dorsal hinge." **Liz Zenger**
